1. DfE Update on Uniform

Following the DfE update confirming:

We encourage all schools to return to their usual uniform policies in the autumn term.

Uniform can play a valuable role in contributing to the ethos of a school and setting an appropriate tone.

Uniforms do not need to be cleaned any more often than usual, nor do they need to be cleaned using methods which are different from normal.

There is no need for anything other than normal personal hygiene and washing of clothes following a day in a school.

We believe that wearing uniform is the safest option for all students whilst there is still a risk of COVID-19.

Why?

Uniform can be removed immediately after school reducing the risk of transference of COVID-19 to the home environment.

Wearing school uniform means students don't have to worry about peer pressure when it comes to their clothes. We think this is particularly relevant given the mental wellbeing challenges that many school children have faced from the pro-longed lock down.

Uniform allows you to identify that your pupils are following social distancing rules to and from school will help to keep your community as safe as possible.

Uniform is designed to withstand day to day school life as well as reducing expenditure for parents on high street or fashionable brands, particularly when so many households have been impacted economically by the pandemic.

3. Parent Plan

Please can you resend to all parents as a reminder to not leave it late, book a store visit or order their uniform through our website.
