

Puzzle of the Week Competition

The Dean Academy has registered to take part in a free, international puzzle competition called Puzzle of the Week. We want our young mathematicians to show off their problem-solving ability and compete against schools from over 40 different countries.

There will be 30 puzzles this year, each published on a Monday with the first one going live on 12th October. You can find the puzzles and enter the competition by going to the website www.puzzleoftheweek.com. We will be posting student leaderboards and puzzle solutions on the display board outside the Maths Office.

We encourage all students, staff and parents to register and then participate each week. Every answer counts towards The Dean Academy's position on the international leaderboards. With a correctly submitted solution to the puzzle you will also be part of the random draw to be the proud recipient of a prize to be announced

Finally, visit the website if you'd like to warm up with some of the previous puzzles, see last year's results or all the schools against whom we will be competing.
