

## WEEKLY PARENTS BULLETIN NO 4 – WEEK B

Week Commencing 4<sup>th</sup> October 2021

Monday 4 <sup>th</sup> October	Year 11 Progress Tests all week
Tuesday 5 <sup>th</sup> October	
Wednesday 6 <sup>th</sup> October	
Thursday 7 <sup>th</sup> October	
Friday 8 <sup>th</sup> October	

Following the excitement of last week's Ofsted inspection this week has been back to business as normal. We should have the Ofsted inspection report shortly and we can't wait to share the result with staff, parents and students!

We had a wonderful visit from Severnbanks Year 6 on Tuesday. They worked in our Science labs, led by Mr Edy, to dissect a heart. We are really proud to be able to partner with local primaries to bring their curriculum to life through our facilities and expertise.

We're also pleased to announce that we are extending our window of open morning tours. After our positive inspection last week, we have been receiving lots of requests for tours and to look around from prospective parents of Year 5 & 6 parents and children so have extended the window. If you know of anyone who would like to come on a tour, please direct them to our website to book <https://thedeacademy.org/>.

Finally, we wrote to you earlier sharing our concern regarding rising cases in our school. We asked for your support to ensure that all children test twice weekly – a link to that letter is here <https://thedeacademy.org/wp-content/uploads/2021/09/COVID-Update-29th-September-2021-Letter.pdf>

Have a lovely weekend.

Richard Brand - Headteacher

### Enjoyment Achievement Community

Congratulations to the following weekly winners of our attendance raffle for

KS3 – Jacob C in Year 9  
KS4 – Bryony P in Year 10

## BRIGHT SPOTS

### DRAMA

Planning and creating two freeze frames – Kara T in Year 8 – Mrs Rodway

Drama homework by Lily F in Year 8 – Mrs Rodway

## ART

Year 10 learning how to draw from observation using a variety of mark making techniques – Mrs Charles

Holly-Mae B & Roan H-W

## TECHNOLOGY

Amazing ILT, students were asked to draw 2 different springs; drawing the spring, adding technical details and an example of it being used. Katie went the extra mile and researched the scientific theory behind springs – Hooke's Law. She decided to present her work as a booklet. Amazing work, well done. **Mr Winstanley**
