Re: Important message from Food Technology

Dear Parent/Carer

This term students have been brilliant at remembering to bring in food for their practical lessons but please remind them to also bring in a container to take their food back home in.

We have had to give out a number of containers this term so if your child has borrowed a container, please can it be returned to school as soon as possible. Alternatively, if you have any spare containers at home that you no longer require, we would be very grateful to receive them and could make very good use of them at school.

When your child brings a container into school, please can you ensure that it has their name on it as we are often left with bags of ingredients and equipment from home.

We thank you greatly for your continued support in this very important life skill subject.

Yours sincerely

Mrs Gittins Jones
Food Technology Teacher
