Richard Brand: Headteacher

13th October 2023

Dear Parent/Carer

Your child has been invited to attend the Athelstan Trust Maths Challenge taking place at Bradon Forest School on Monday 14th November 2023.

The purpose of this Challenge is to advance the education of children and young people in mathematics. Your child will be encouraged to use their mathematical reasoning, precision of thought, and fluency in using basic mathematical techniques to solve interesting and unique problems. Your child will face challenging, yet accessible questions, aimed to stimulate their interest of mathematics, whilst working collaboratively and competing against other students from the Athelstan Trust.

Transport from school to Bradon Forest will be provided free of charge; the minibus will be leaving at 9:15am and returning at 3pm. School staff will be accompanying the students on the minibus and throughout the day. Students will need to bring their own packed lunch. If your child is entitled to free school meals, please can you get them to contact me as soon as possible.

Would you please confirm if you wish your child to attend the Athelstan Trust Maths Challenge on 14th November by logging into Parent Pay and complete the Medical and Emergency Contact details.

Yours sincerely,

Ross Baker
Teacher of Mathematics
