

6th June 2025

Dear Parents/Carers

I have been really impressed with the focus and effort that our Year 11 students have shown towards their GCSEs upon their return from half term. As we now enter the final phase of the GCSE examinations and students are understandably starting to feel the fatigue of such a lengthy examination season, we have made the decision to allow students to only come in for boosters and exams following their Biology exam on **Monday 9th June**. An outline of the remaining exams and booster sessions is given below. We hope that this will support our students in those final few days to keep the momentum going.

If students do wish to come in to school, or this poses a logistical challenge with regards to transport, then students are more than welcome to still attend full time, and provision will be put in place to support their revision on site. If this applies to your child, please can you complete this quick Microsoft Form:

<https://forms.office.com/e/44L5HUzdc3>

If you have any questions or queries regarding this, please don't hesitate to contact tfessey@thedeanaacademy.org

Yours sincerely

Tom Fessey
Associate Assistant Headteacher & Raising Standards Leader

DATE	MORNING exam (booster from 8.20am)	AFTERNOON EXAM (booster from 10.15am)	AFTERNOON BOOSTER FOR EXAM FOLLOWING DAY (from 2.10pm)
